|                        |  |                          |                               |

Signal Word Hazard Statement : Danger

: Suspected of damaging fertility or the unborn child

: Causes damage to organs through prolonged or repeated exposure

#### **Precautionary Statement**

- : Do not breathe dust/vapours etc..
- : Do not eat, drink or smoke when using this product.
- : Use personal protective equipment as required.(Refer to Section 8)
- : Get medical advice/attention if you feel unwell.
- : IF exposed or concerned: Get medical advice/attention.
- : Dispose in accordance with all current regulations and standards.[Other hazards]No information available.

### 3. Composition/information on ingredients

| [The chemical product is a substance or a mixture] |                   | Mixture |                          |
|--|-------------------|---------|--------------------------|
| [Chemical nature]                                  | [Component parts] | Ink     |                          |
| Chemical name                                      | Cas No.           |         | Concentration range(wt%) |
| Water  | 7732-18-5         |         | 50-80                    |
| 1,2-Propanediol                                    | 57-55-6           |         | < 10                     |
| Diethylene glycol                                  | 111-46-6          |         | < 10                     |
| Glycerine  | 56-81-5           |         | < 10                     |

### 4. First aid measures

| [Description of first aid measure  | 5]   |  |  |
|--|--|--|--|
| Eye contact  | : Flush eyes with plenty of water for at least 15 minutes.   |  |  |
|  | : Take off the contact lens if possible  |  |  |
|  | : Consult medical advice depending on the symptoms.  |  |  |
| Skin contact   | : Wash skin.   |  |  |
|  | : Consult medical advice depending on the symptoms.  |  |  |
|  | : Thoroughly clean and dry contaminated clothing and shoes before reuse.   |  |  |
| Ingestion  | : Rinse mouth, give plenty of water to dilute. No specific intervention is indicated as compound is not likely to be hazardous by ingestion. |  |  |
|  | : Consult medical advice depending on the symptoms.  |  |  |
| Inhalation   | : Due to its low vapor pressure inhalation is unlikely at room temperature.  |  |  |
|  | : If not feeling well, move to an area of fresh air and rest.  |  |  |
|  | : Consult medical advice depending on the symptoms.  |  |  |
| [Most important symptoms and effects, both acute and delayed]                |  |  |  |
|  | No information available.  |  |  |
| [Indication of any immediate medical attention and special treatment needed] |  |  |  |
|  | No information available.  |  |  |
|  |  |  |  |

#### 5. Firefighting measures

| [Extinguishing media]               | Regular dry chemical, carbon dioxide, water, regular foam   |
|-------------------------------------|---|
| [Special hazards arising from the s | substance or mixture]   |
|                                     | No further relevant information available.  |
| [Advice for firefighters]           | Stay upwind and keep out of low areas and avoid inhalation of material or combustion by-products. |
|                                     | Wear suitable protective equipment.   |

### 6. Accidental release measures

[Personal precautions, protective equipment and emergency procedures]

|                                      | Rope off the area to contain the leak and prohibit entrance except for authorized persons.                 |
|--------------------------------------|--|
|                                      | Wear appropriate protection gear.  |
|                                      | Do not work in the leeward.  |
| [Environmental precautions]          | Collect leaked material in empty container after leading outflow to a safe area containing earth and sand. |
|                                      | Do not allow leaked material to pollute rivers, lakes, etc.  |
| [Methods and material for containr   | nent and cleaning up]  |
|                                      | Wipe off by dry cloth and wash with water.   |
|                                      | Dispose of pollution or waste in accordance with national, state and local regulations.                    |
| [Reference to other sections]        | No information available.  |
|                                      |  |
| 7. Handling and storage              |  |
| [Precautions for safe handling]      |  |
|                                      | Do not lick or swallow the ink.  |
|                                      | Avoid contact with skin and eyes.  |
|                                      | Recap after use (if there is a cap), and keep out of the reach of infants.                                 |
|                                      | Don't shake.   |
| [Conditions for safe storage, includ | ling any incompatibilities]  |
|                                      | Keep away from oxidizing materials, ignition sources, high temperature and direct sunlight.                |
|                                      | Recommended temperature : 0-40°C   |
| [Specific end use(s)]                | No information available.  |

### 8. Exposure controls/personal protection

#### [Control parameters]

| Chemical name          | OSHA | ACGIH           |
|------------------------|------|-----------------|
| Glycerine              | -    | (TWA)10mg/m3    |
| [Exposure controls]    |      |                 |
| Protective equipment   |      | : Not required. |
| Respiratory protection |      | : Not required. |
| Hands protection       |      | : Not required. |
| Eye protection         |      | : Not required. |
| Skin protection        |      | : Not required. |

### 9. Physical and chemical properties

[Information on basic physical and chemical properties]

| Color         | : | Red   |
|---------------|---|---|
| State         | : | Liquid  |
| Odor          | : | slight odor   |
| рH            | : | about8.3  |
| Boiling point | : | No information available.[Water 100.0°C]                    |
| Melting point | : | No information available.                                   |
| Flash point   | : | No information available.[1,2-Propanediol $99.0^{\circ}C$ ] |
|               |   |   |

MITSUBISHI PENCIL CO., LTD.

| Autoignition temperature | : No information available.[Diethylene glycol 365.0°C] |
|--------------------------|--|
| Explosion limits         | : No information available.                            |
| Vapor density(air=1)     | : No information available.                            |
| Density                  | : about1.1   |
| Solubility in water      | : No information available.                            |
| Evaporation rate         | : No information available.                            |
| Volatile                 | : >80%   |
| [Other information]      | No information available.                              |

### 10. Stability and reactivity

| [Chemical stability]                 | This mixture is stable in normal temperature and pressure. |  |  |
|--------------------------------------|--|--|--|
| [Reactivity]                         | No data available.   |  |  |
| [Conditions to avoid]                | Avoid heat, flames, sparks and other sources of ignition.  |  |  |
|                                      | Avoid direct sunlight and high temperature.                |  |  |
| [Incompatible materials]             | No information available.                                  |  |  |
| [Hazardous decomposition products]   | No information available.                                  |  |  |
| [Possibility of hazardous reactions] | No information available.                                  |  |  |
|                                      |  |  |  |

## 11. Toxicological information

|  | [Information on toxicological effects] |   |                              |
|--|--|---|------------------------------|
|  | Acute toxicity(oral)                   |   |                              |
|  | Not classified                         | : | >2000 mg/kg (estimate value) |
|  | Acute toxicity(skin)                   |   |                              |
|  | Not classified                         | : | >2000 mg/kg (estimate value) |
|  | Acute toxicity(inhalation:vapours)     |   |                              |
|  | Not classified                         | : | >20 mg/L (estimate value)    |
|  | Skin corrosion/irritation              |   |                              |
|  |  |   |                              |
|  | No information available.              |   |                              |
|  | Serious eye damage/Eye Irritation      |   |                              |
|  | No information available.              |   |                              |
|  | Respiratory sensitizer                 |   |                              |
|  | No information available.              |   |                              |
|  | Skin sensitizer                        |   |                              |
|  | No information available.              |   |                              |
|  |  |   |                              |
|  | Germ cell mutagenicity                 |   |                              |
|  | No information available.              |   |                              |
|  | Carcinogenicity                        |   |                              |
|  | No information available.              |   |                              |
|  | no mornation available.                |   |                              |
|  | Toxic to reproduction                  |   |                              |
|  | Diethylene glycol                      | : | Category2                    |
|  |  |   |                              |

Specific target organ systemic toxicity(single exposure) No information available. Specific target organ systemic toxicity(repeated exposure) Diethylene glycol : Category1 Aspiration hazard No information available. Hazard to the Aquatic Environment (Acute) No information available. Hazard to the Aquatic Environment (Chronic) No information available. 12. Ecological information [Results of PBT and vPvB assessment] No information available. [Other adverse effects] No information available. 13. Disposal considerations [Waste treatment methods] Dispose in accordance with all current regulations and standards. Do not allow it to flow into the drainages with waste fluid.

#### 14. Transport information

| [Environmental hazards]        | No information available.   |
|--------------------------------|---|
| [HS Code]                      | 960810  |
