Article description	
STAEDTLER Textsurfer <b>triplus 362</b>	<b>Made in Germany</b>

Constituents	
Inks:	Water-based Fluorescent pigments Binding agent and additives
Holder:	Plastics: Barrel PP Cap PP
Packaging:	STAEDTLER Box: PP
PP: polypropylene	

Conformity	
STAEDTLER Textsurfer 362 meets the standards:	
ISO 11540	“Caps for writing and marking instruments intended for use by children up to 14 years of age – Safety requirements’. Ventilated caps reduce the danger of asphyxiation for children up to the age of 14 should caps be swallowed accidentally.
ASTM D-4236	The product is tested by ACMI (Art & Creative Material Institute) and conforms to the US-Standard ASTM D-4236. According to the standard, a qualified toxicologist tests the products.
The product meets the Regulations (EG) No. 1907/2006 (REACH) and No. 1272/2008 (CLP) concerning the Registration, Evaluation, Authorization and Restriction of Chemicals. In accordance with REACH Regulation 1907/2006/EC, Article 33, you will find our current articles subject to mandatory reporting under the following link <a href="https://www.staedtler.com/REACH">https://www.staedtler.com/REACH</a>	

Usage notes	
triplus®:	Ergonomic triangular barrel for effortless, fatigue-free highlighting.
Inkjet-safe:	The ink dries quickly and provides excellent marking results on most Inkjet printing.
Airplane-safe:	Automatic pressure equalization prevents pen from leaking on board aircraft.

**Staedtler** has been certified to ISO 9001 and ISO 14001 and considered in the selection of raw materials and their processing in the relevant national and international laws to protect the users.
