Stage s12 Rotating Laptop Stand with USB-C Docking Station

Features

Flexible Ergonomic Design

Our laptop docking station stand offers unparalleled flexibility with its foldable and rotating features. Adjust the height, angle, and orientation of your laptop to find the optimal viewing position, reducing strain on your neck and back. Experience greater comfort and improved productivity during long working hours.

Durable and Adjustable

Engineered for longevity, our laptop docking station stand boasts a robust and durable design. Its adjustable height feature ensures stability and allows you to customise the viewing height according to your preference. Enjoy a reliable and secure platform for your laptop, providing peace of mind during intense work sessions.

Enhanced Display and Productivity

Take your visual experience to the next level with the 4K HDMI video output. Connect your laptop to a compatible display or monitor and enjoy stunning graphics. Immerse yourself in your work, presentations, or entertainment with a larger and more immersive screen.

Seamless Connectivity and Power

Our laptop docking station stand is equipped with USB-C PD pass-through charging and data transfer capabilities. The two additional USB 3.0 ports offer versatile device connectivity, making it easy to connect peripherals and accessories.

Travel-Friendly and Portable

Designed with convenience in mind, features a removable USB-C docking station. Simply detach the docking station and take it with you on your travels. Stay productive wherever you go, whether you're working remotely, attending meetings, or conducting business on the move.
