standesk pro memory

standesk pro memory is a beautifully designed and engineered electric height adjustable sit-stand workstation using a sophisticated 3 height memory system with a separate keyboard that rests at your existing work height

standesk pro memory has 2 larger work surfaces to enable greater flexibility when in operation. **Keyboard Size = 800mm x 300mm, Desktop Size = 900mm x 540mm**

The **standesk pro memory** converts your existing desktop into a sit-stand workstation and gives you the ergonomic benefits of sitting and standing at your existing desk without the expense and inconvenience of purchasing a new desk

- **3 memory height positions** as well as an up/down button – just press the button to make the unit go to any pre-determined position without having to hold the button.
- **Anti-collision feature** for the unit going **up or down** ensuring safety of the user and surrounding items.
- **Automatic sleep/standby function** to **save power**. To power up the unit, just touch any button.
- **Simpler assembly** of the unit because most of the parts are pre-assembled. It will take half the time to assemble.
- **Improved functional design** that is ergonomic, user friendly and **aesthetically pleasing**.
- **Proven reliability of the electrical system**.

standesk pro memory has 2 larger work surfaces, one for the keyboard and mouse and the other a large and generous desk area to accommodate your monitor, or your laptop. **Standesk pro memory** has infinite height settings for any height you may desire and is adjustable automatically in seconds!!
